**ORDINANCE NO.** 2010 - 8 - 17 - 1

AN ORDINANCE PROVIDING AUTHORITY FOR THE HUMANE DESTRUCTION OF DOGS BY COURT ORDER; REPEALING CONFLICTING ORDINANCES; AND DECLARING AN EMERGENCY.

**WHEREAS**, the City of Dyer acknowledges that dogs running at large, vicious dogs, feral dogs, and abandoned dogs are a problem throughout the city and in certain areas an epidemic, and the city wishes to improve the quality of life of its citizens by authorizing the court ordered destruction of dogs;

**WHEREAS**, the existing Ordinance No. 5-21-02, only provides for the destruction of an animal held by the Fort Smith Humane Society and does not provide for the court ordered destruction of a dog;

**WHEREAS**, there may be situations or circumstances in which the court ordered humane destruction of dog is the best resolution to a situation with a dog; and

**WHEREAS**; the City Council of the City of Dyer, Arkansas desires to provide the various courts that may enforce its city ordinances with the authority to order the humane destruction of a dog when necessary.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF DYER, ARKANSAS, AS FOLLOWS:

**SECTION 1:** Any court of competent jurisdiction otherwise authorized or entitled to enforce the city ordinances of the City of Dyer, Arkansas, may order the humane destruction of a dog as a remedy in any case before the court including but not limited to violations of Dyer, Arkansas, Ordinance No. 5-21-02 when the court determines that under the facts and circumstances such action is in the best interests of the public.

**SECTION 2:** Any court ordered humane destruction of a dog may be conducted by any humane society or animal shelter that routinely performs such procedures and otherwise has all necessary and applicable licenses or by any Arkansas licensed veterinarian.

**SECTION 3:** Any costs or fees associated with the humane destruction and disposal of any dogs under this ordinance may be assessed against the owner, keeper, or harbinger of the dog.

**SECTION 4:** This ordinance shall in no way infringe or negatively impact upon the right of any person to protect persons or property from harm from any animal as may otherwise be provided under state, local, or common law.

**SECTION 5:** All provisions of prior ordinances that conflict with the terms and provisions of this ordinance are hereby repealed. This ordinance is intended to provide an additional remedy to Ordinance No. 5-21-02, and should be construed to supplement that ordinance rather than repeal that ordinance.

**SECTION 6:** This ordinance is deemed important for the immediate protection and preservation of the public peace, health, safety, and welfare of the citizens of Dyer, Arkansas, because of the lack of a mechanism for the courts enforcing the city's ordinances to order the destruction of dogs, and such a state poses a hazard to the citizens of the city. Therefore an emergency is hereby declared and this ordinance shall be and take effect and be in full force after its passage, approval, and publication.

### **Section 3. LOCATION, OTHER REGULATIONS.**

(a) Location of Facilities. Grantee's Cable System shall be located, constructed and maintained so as not to interfere with the safety and convenience of ordinary travel along and over Public Ways and so as not to disrupt normal operation of any City Utility System previously installed therein. The Cable System shall be located on Public Grounds as determined by the City. Grantee's construction, reconstruction, operation, repair, maintenance and location of its facilities shall be subject to permits if required by separate ordinance and to other reasonable regulations of the City to the extent not inconsistent with the terms of this Franchise. Grantee may abandon underground facilities in place; provided, at the City's request, Grantee will remove abandoned metal or concrete encased conduit interfering with a City improvement project, but only to the extent such conduit is uncovered by excavation as part of the City improvement project.

(b) Field Locations. Grantee shall provide horizontal field locations for its underground facilities within the City within 48 hours of a formal request by the City. If vertical field locations are requested, Grantee shall provide the information within 14 days.

(c) Street Openings. Grantee shall not open or disturb any Public Way or Public Ground for any purpose without first having obtained a permit from the City, if required by a separate ordinance, for which the City may require a surety bond at the beginning of each year. Permit conditions imposed on Grantee shall not be more burdensome than those imposed on other entities for similar facilities or work. Grantee may, however, open and disturb any Public Way or Public Ground without permission from the city where an emergency exists requiring the immediate repair of its Cable System. In such event Grantee shall notify the City by telephone to the office designated by the city as soon as practicable. Not later than the second working day thereafter, Grantee shall obtain any required permits.

(d) Restoration. After completing any work requiring the opening of any Public Way or Public Ground, Grantee shall restore the same, including paving and its foundation, to as good a condition as formerly existed, and shall maintain any paved surface in good condition for two years thereafter. Work outside the paved area must be fine graded and seeded, hydro-mulched, or sod placed so that adjacent property owners or the City can mow without damage to machinery or people. The work shall be completed as promptly as weather permits, but in no case greater than 60 days, and if Grantee shall not promptly perform and complete the work, remove all dirt, rubbish, equipment and material, and put the Public Way or Public Ground in the said condition, the City shall have, after demand to Grantee to cure and the passage of a reasonable period of time

following the demand, but not to exceed five days, the right to make the restoration at the expense of Grantee. Grantee shall pay to the City the cost of such work done for or performed by the City. The remedy shall be in addition to any other remedy available to the City for noncompliance.

(e) Notice of Improvements. The City must give Grantee reasonable notice of plans for improvements to Public Ways or Public Ground where the City has reason to believe that Grantee's Cable System may affect or be affected by the improvement. The notice must contain; (i) the nature and character of the improvements, (ii) the Public Ways and Public Ground upon which the improvements are to be made, (iii) the extent of the improvements, (iv) the time when the City will start the work, and (v) if more than one Public Way or Public Ground is involved, the order in which the work is to proceed. The notice must give Grantee a sufficient length of time in advance of the actual commencement of the work to permit Grantee to make any necessary additions, alterations or repairs to its facilities.

Grantee will be required to submit to the City a copy of any long range plan for Cable System construction on the 1<sup>st</sup> of each calendar year along with a work schedule inside the City within that calendar year.

(f) Utility Corridors. The City will provide Grantee space within a utility corridor in which to locate on all major street projects. Any facility that is located outside the corridor will be required to be moved into the assigned location or the City may move the facility and charge Grantee for the relocation. Grantee must locate within the assigned area of the corridor so as to not interfere with other entities. If Grantee is unable to locate within its assigned location, Grantee must notify the City of the situation. The City shall respond to the notice within five (5) business days or Grantee may proceed with its relocation.

#### **Section 4. RELOCATIONS**

(a) Relocation of Cable System Facilities in Public Ways. If the City determines to vacate a Public Way for a City improvement project, or at City's cost to grade, regrade, or change the line of any Public Way, or construct or reconstruct any City Utility System in any Public Way, it may order Grantee to relocate its Cable System facilities located therein if relocation is reasonably necessary to accomplish the City's proposed public improvement. Grantee shall relocate its facilities at its own expense unless the facilities are located in a private easement or right of way obtained by the Grantee or by agreement between the parties. If they are in an easement obtained by the City or as part of a City project the Grantee must relocate at its own expense. The City shall give Grantee reasonable notice of plans to vacate for a City improvement project, or to grade, regrade, or change the line of any Public Way or to construct or reconstruct any City Utility System. If relocation is ordered within five years of a prior relocation of the same facilities, which relocation was made at Grantee's expense, the City shall reimburse Grantee for any non-betterment costs on a time and material basis, provided that if a subsequent relocation is required because of the extension of a City Utility System to a previously unserved area, Grantee may be required to make the subsequent relocation at

its own expense. Nothing in this ordinance requires Grantee to relocate, remove, replace or reconstruct at its own expense its Cable System where such relocation, removal, replacement or reconstruction is solely for the convenience of the City and is not reasonably necessary for the construction or reconstruction of a Public Way or City Utility System or other City improvement. Where public funds are made available to reimburse utilities or other occupants of the Public Ways for relocation costs, Grantee shall have equal right to apply for and access such funds.

(b) Relocation of Cable System in Public Ground. City may require Grantee at Grantee's expense to relocate or remove its Cable System from Public Ground upon finding by City that the facilities have become or will become a substantial impairment to the existing or proposed public use of the Public Ground.

(c) Moving of Buildings Grantee shall remove, raise or lower its wires temporarily to permit the moving of houses or other structures, provided that the person requesting such temporary removal, raising or lowering of the wires shall pay the expense of such temporary removal, raising, or lowering of the wires, and provided that Grantee shall not be required to remove, raise or lower its wires with less than 48 hours advance notice or mutually agreed upon time.

#### **Section 5. VEGETATION MANAGEMENT.**

Grantee shall have the authority to trim trees or other natural growth overhanging any of its television system or facilities so as to reasonably prevent branches from coming in contact with the Grantee's wires, cables, or other equipment; however the Grantee shall not engage in excessive trimming. Except during an emergency or the recovery after an emergency. Grantee shall attempt to notify the City and its residents at least three days prior to entering onto property to perform any tree trimming activities.

#### **Section 6. FRANCHISE FEE.**

Grantee shall pay to the City a municipal franchise fee in an amount equal to five (5) percent of Grantee's annual Gross Revenues. Payments shall be made to the City in monthly installments, payable within 45 days following conclusion of the month for which payment is made.

In addition:

(i) The City shall have the right to examine and verify from the records of Grantee any data relating to the Gross Revenues subject the municipal franchise fee; and

(ii) Assignment, Grantee shall have the right to assign this Franchise and its respective rights, terms and conditions, so long as the operations to be conducted by said assignee are in accordance with the applicable standards contained therein. Any such assignment to an "unrelated entity," as that term is hereinafter defined in this paragraph,

or any subsequent assignment of this Franchise to an unrelated entity, shall be subject to the prior approval of the City, which approval shall not be unreasonably denied or delayed. For purposes of this agreement, an "unrelated entity" shall be defined as a corporation or other entity which is neither partially or totally owned by nor a subsidiary of Grantee nor the partial or total owner of Grantee.

#### **Section 7. TERM**

The Franchise granted hereunder shall be for a term of five (5) years commencing on the effective date of the Franchise as set forth below, unless otherwise lawfully terminated in accordance with the terms of this Franchise. The municipal franchise fee shall become payable with the \_\_\_\_\_, 2010 billing for television service.

#### **Section 8. POLICE POWER OF CITY.**

No provision of this Franchise shall be construed to limit or abridge the authority of the City to implement and exercise police powers and regulations necessary for the safety and welfare of the inhabitants of the City of Dyer, Arkansas.

#### **Section 9. INDEMNITY.**

Grantee shall save and hold harmless the City from any and all claims for damage for which the City may become liable, as well as any costs incurred by defense of such claims by reason of the granting of this Franchise, or any act or omission of Grantee in the conduct of its operations.

#### **Section 10. EQUAL PROTECTION**

The right to use and occupy the City's Public Ways for the purpose herein provided shall not be exclusive; provided, however, that no Person shall enter into the City's Public Ways for the purpose of constructing or operating a Cable System, or for the purpose of providing Cable Service or video programming service to any part of the Service Area, including by means of an "open video system" (as such term is defined in the Cable Act), without first obtaining a Franchise, permit, license, authorization or other agreement from the City. In the event the City authorizes or permits any Person other than the Grantee to enter into the City's Public Ways for the purpose of constructing or operating a Cable System, or for the purpose of providing Cable Service or video programming service to any part of the Service Area, including by means of an "open video system" (as such term is defined in the Cable Act), the material provisions thereof shall be reasonably comparable to those contained herein, and the obligations imposed on the grantee thereunder shall be no less burdensome nor more favorable than the obligations imposed upon the Grantee hereunder, in order that one operator not be granted an unfair competitive advantage over another, and to provide all parties equal protection under the law.

**Section 11. CONFLICTING ORDINANCES REPEALED.**

All ordinances or parts of ordinances conflicting with any of the provisions of this ordinance are hereby repealed. If any clause, sentence, or section of this ordinance should be determined to be invalid, the invalidity of any clause, sentence, or section hereof shall not affect the validity of the remainder of this ordinance.
