In performing the agreed upon procedures of the Dyer Water Department, it has come to our attention that the restricted cash is over funded. Debt service funds of \$8,196 and \$6,380 are required to comply with the loan security agreements with USDA Rural Development and Arkansas Natural Resources Commission, respectively. As of December 31, 2014, cash reserves were over funded by approximately \$49,318.

Additionally, the meter deposit balance is uncertain, due to a software conversion in the past. Efforts should be made to determine the balance of customers' deposits prior to the conversion.
