

---PUBLIC NOTICE---

The City of Dyer Water Department will be repairing a water leak at the post office fire hydrant. Water will be off for approximately 4-5 hours on **Monday, May 4, 2026**.

This may cause discolored water and/or air immediately after repairs.

A **boil order** will be in place. The boil order will be lifted once samples are approved by the health department. We project this to be lifted by Thursday or Friday. We will update you via Facebook, email, text and our city website, www.cityofdyeer.com.

What to do:

- ✓ Bring water to a **rolling boil for 1 minute** before using it for:
 1. Drinking
 2. Brushing teeth
 3. Making ice
 4. Cooking / food prep
 5. Washing dishes

We apologize for the inconvenience and will work as swiftly as possible to assure the water is restored as soon as possible.

For any questions or concerns you may contact City Hall @ 479-997-8557 option 1.
